Dear Colleagues,

On behalf of the Organizing Committee, it gives us great pleasure to welcome you to the 6th International Neonatology Conference to be held in Jumeirah at Etihad Towers Hotel, Abu Dhabi, UAE from 10th to 12th of March, 2016.

The Hottest Topics in Neonatal Medicine Conference held in Abu Dhabi in March 2015 was a resounding success with delegates from 15 countries and outstanding sessions on a wide variety of topics.

The 2016 3-day intensive conference promises to be no less, this meeting will provide a premier state of the art sessions, scientific abstracts, and networking. In addition to gathering the latest information and skills in the field of Neonatal-Perinatal Medicine, you will be able to debate controversial issues and interact with delegates from all over the region.

The Scientific Committee is planning high level scientific content and cutting edge sessions on clinically relevant topics like neonatal transition, birth asphyxia and brain protection, congenital malformations, newer diagnostic tools for infections and genetic defects, nutritional management of the high risk neonate, and cutting edge approaches to respiratory management. Furthermore, we are inviting distinguished speakers from around the world, representing the very best in the field of Neonatal-Perinatal medicine. Additionally, we will have presentations, both oral and poster, from colleagues representing all missions in the field giving you an opportunity to interact with leading clinicians, educators and researchers in Neonatology.

We believe this leading event will provide you with new information and tools to enhance the quality and safety practices of care provided to neonates as our new born survivals are the key to our nations’ progress.

Please take this opportunity to network with new and established colleagues, creating and strengthening clinical collaborations.

We look forward to welcoming you at the conference.
